Your wish came true.

The perfect OCT for your practice is here.

MEET THE MAESTRO.

With its space-saving design, fully automated operation, built-in non-mydriatic fundus camera, 50K A Scans/sec, and wide 12x9mm scan that captures the optic nerve and macula in one scan—the MAESTRO is everything you've been wishing for and then some. No wonder it's one of the best selling SD OCTs in the world.

Simple, precise and surprisingly affordable. Learn more at newsgram.topconmedical.com/maestro.
